Hi all,

Just to give you an update. OPS have 2 patrol vehicles blocking the on and off ramp to QED off Laurier Ave.

This seems to be having a positive effect on the vehicles trying to enter on Lawrence Freiman Lane and the congestion on QED.

It also seems like they are cleaning the park (piling the firewood next to the road). See picture.

Nothing to report on this dismantling of the soup kitchen.

Chris Massé

Conservation Officer - NCC

Verified QED; few vehicles that are parked, but no issues.

Bronson Park, GOP, Albert Square; no issues.

Chris

Last update :

2022-02-03 at 22:35 when I left the site - the fenced area which used to have the propane and gas containers was still empty.

During the evening, a conversation occurred between me, Alain and Ken (site supervisor) to discuss on the removal of the Soup Shack Kitchen (structure build on the roadway) and that it needs to be removed. Ken mentioned that tomorrow morning, a site meeting (which includes people that are using the site as of now)would occur and the structure would be discussed.

Ottawa Police (Sgt. Lanson) once aware of the request were helpful and cooperative to assist us in the matter of gas and propane containers. Also Peel Police came on site and asked us if all was ok for tonight and we did discussed the structure issue with their management; Alain spoke to them and gave our 24 hrs number in case of any issues and said he would be back at around 6:30 am tomorrow on site with officer Myles.

Hope I covered everything,

Diane Barbarie
Alain Pronovost

Info, sorry for the ones I missed to add on the email - here's the info.

Diane

Update : Compound of gas has been emptied of all propane tanks and gas containers.

Propane tanks are being removed from site as we speak.

Empty gas or diesel containers are out of sight.

Soup shack kitchen on picture

Propane tanks will be taken off site and only brought as needed but stored in an enclosed trailer.

OPS has left but the Sgt. Lanson was very cooperative with us to come to an agreement with the group.

Thanks Diane. I am disappointed that OPS was not there to initiate removal.
Is there any OPS or Fire department presence in the park to insist that these containers pose a threat and must be removed?
